1. Study in Nature

Communities worldwide go to nearby natural signs of love like seas, rivers, mountains and share green knowledge, eat together

2. Share Knowledge & Love

If we are 1 billion people and each owns a piece, together we don't own 1/billion but a full billion by the virtue of knowledge, caring, and love.

3. Green Content for Kids, Adults & Elderly

Build green content loved by various age groups, genders, and communities around the world.

4. Share Green Knowledge

Provide search and filter capabilities on knowledge clearly tagged as Green, Yellow or Red.

4. Millions of Green Datasets

Build searchable datasets for all fields of life and connect them together in one tool.
